Ivory Silk® Tree Lilac (*Syringa reticulata*)

Origin: Sheridan Nursery (ON), native to Japan

Mature Size: Small (<25' tall)

Description: Ivory Silk® Tree Lilac is a slow-growing flowering tree, with an oval form in youth becoming rounded with age. It has white flower clusters in late spring (normally early June). It prefers well-drained soil, but is tolerant to a wide range of environmental conditions, and has no serious disease or pest problems. Fall color is yellow or green. The brown seed capsules remain on the tree through the winter.
