

# City of Rochester Hills Radar Speed Displays

## OPERATION SLOW DOWN

*How do we promote safe speeds in school zones?*

- Engineering
- Enforcement
- Education
- **The City installs radar speed displays that tell people when they are driving too fast**

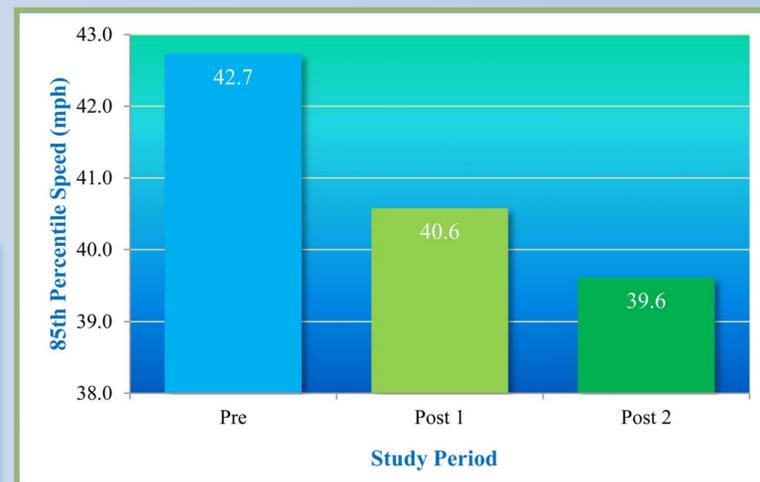

## SAFETY FIRST

The City of Rochester Hills has installed radar speed displays in 13 school speeds zones all around the City. The display flashes if a car or truck is traveling 1 mile per hour above the normal speed limit or reduced school speed limit. A strobe light flashes if a car or truck is traveling 6 miles per hour over the normal speed limit or reduced school speed limit.

The radar speed display is working every day from 6:00 AM to 9:00 PM to warn drivers to drive the speed limit even though the school zones times are just a few hours during the week. Remind adults to watch out for school kids and drive safely in school speed zones.

For more information, contact Mr. Paul Shumejko at Rochester Hills City Hall at (248) 656-4640.
