

Photographer's Annual Permit Form 2019

The Rochester Hills Museum at Van Hoosen Farm includes five historic buildings and the Stoney Creek School, a children's garden, and sixteen acres of historic grounds. The entire site is listed on the National Register of Historic Places. Our mission is to interpret, preserve, and collect the history of the greater Rochester area for present and future generations. Your annual permit fee helps the museum care for our grounds, preserve our historic buildings, develop innovative programs, and conserve archival materials.

Your annual permit fee gives you permission to use our grounds for photography during **calendar year 2019**, except during Museum special events and weddings that have contracted for exclusive use of our grounds. Restrooms are available for your use whenever staff is on site.

Please call ahead to be sure the grounds are available and check-in at the Dairy Barn Staff door when you arrive. You should have your Museum lanyard with 2019 permit attached and visible when you are on the grounds.

The Rochester Hills Museum reserves the right to monitor appropriate use of the property and props for photographs on our grounds. Please do not climb or sit on any of the historic walls. No alcohol or smoking allowed.
