Project Information					
Name					
Description of Proposed Project	Description of Proposed Project				
Proposed Use(s)					
Residential	Non-Residential	Mixed-Use			
☐ Single Family Residential	☐ Commercial/Office	☐ Describe uses:			
☐ Multiple Family Residential	☐ Industrial				
	☐ Institutional/Public/Quas	asi-Public			
Purpose. The purpose of the EIS is	to:				
		he City Council on the environmental impact of applications			
rezoning, platting, site condominium, and site plan approval and other actions that will have a significant effect on the					
		aracteristics of the land and the interests of the community			
	's own interests and those of potential itizenry in the review of community dev				
	ds as required by <u>Section 138-2.204</u> o				
Content. The Environmental Analysis Report (Part I and II), the Impact Factors (Part III), and the Summary (Part IV), which together form the EIS, should meet all of the following requirements:					
A. The EIS is intended to relate to	the following:				
1. Ecological effects, both po	ositive and negative				
2. Population results3. How the project affects the	e residential, commercial, and industri	trial needs			
Aesthetic and psychologic	al considerations				
5. Efforts made to prevent the6. Overall economic effect of	ne loss of special features of natural, so not he City	scenic or historic interest			
	orhood, City and regional development	nt, and the Master Land Use Plan			
B. The EIS must reflect upon the	short-term effect as well as the long-te	term effect upon the human environment:			
1. All pertinent statements mu					
2. All pertinent statements mu	st suggest an anticipated timetable of	of such effects			
	r more, a topographic presentation ind plains, and wetlands is required	dicating slopes 12% and more, depressions, major drainage

Environmental Impact Statement (EIS)

Guidelines

These guidelines are to be followed by developers desiring to gain approval of proposed plans. The guidelines provide for an in-depth analysis of the site in question considering the past, the present, the proposed plan, and the future expectations with respect to community environmental sanity. The analysis is intended to determine how the proposed plan will meet goals of the community as they are set out separately in the Master Land Use Plan.

The complexity of the EIS must clearly depend upon the scope of the project and the magnitude (in the opinion of the Planning Commission) of the potential impact. It is not the intention of the City to create an unduly burdensome or expensive requirement for the developer. In preparing the EIS in accordance with the outline below, judgment should be exercised to keep the form and extent of responses in proportion to the scope of the project. Each answer is to be as brief as practical.

Where questions or answers are not applicable, please state "Not Applicable". All other data is required, and where incomplete or in adequate data is provided based on the scope of the project and the opinion of the Planning Commission, the lack of such data shall be cause for tabling the application by a majority vote of the body present. The matter will be reopened upon submission of a written report on any questions not properly detailed.

Part 1. Analysis Report: Past and Present Status of the Land

A. 1.	What are the characteristics of the land, waters, plant & animal life present? Comment on the suitability of the soils for the intended use
2.	Describe the vegetation giving specific locations of specimens of 6" diameter or greater, or areas of unusual interest on parcels of 5 acres or more
3.	Describe the ground water supply & proposed use
4.	Give the location & extent of wetlands & floodplain
5.	Identify watersheds & drainage patterns
B.	Is there any historical or cultural value to the land?
C.	Are there any man-made structures on the parcel(s)?

Department of Planning and Economic Development (248) 656-4660 planning@rochesterhills.org www.rochesterhills.org

D.	Are there important scenic features?
E.	What access to the property is available at this time?
F.	What utilities are available?
Par	t 2. The Plan
A.	Residential (Skip to B. below if residential uses are not proposed)
1.	Type(s) of unit(s)
2.	Number of units by type
3.	Marketing format, i.e., rental, sale or condominium
4.	Projected price range
В.	Non-Residential/Mixed-Use (Skip to Part 3. Impact Factors if non-residential/mixed-uses are not proposed)
1.	Anticipated number of employees
2.	Hours of operation/number of shifts
3.	Operational schedule (continuous, seasonal, seasonal peaks, etc.)
4.	Description of outside operations or storage

Department of Planning and Economic Development (248) 656-4660 planning@rochesterhills.org

www.rochesterhills.org

5.	Delineation of trade area
6.	Competing establishments within the trade area (document sources)
7.	Projected growth (physical expansion or change in employees)
Par	t 3. Impact Factors
A.	What are the natural & urban characteristics of the plan?
1.	Total number of acres of undisturbed land
2.	Number of acres of wetland or water existing
3.	Number of acres of water to be added
4.	Number of acres of private open space
5.	Number of acres of public open space
6.	Extent of off-site drainage
7.	List of any community facilities included in the plan
8.	How will utilities be provided?
B.	Current planning status
C.	Projected timetable for the proposed project
D.	Describe or map the plan's special adaptation to the geography
E.	Relation to surrounding development or areas

Department of Planning and Economic Development (248) 656-4660 planning@rochesterhills.org

www.rochesterhills.org

F.	Does the project have a regional impact? Of what extent & nature?
G.	Describe anticipated adverse effects during construction & what measures will be taken to minimize the impact
H.	List any possible pollutants
I.	What adverse or beneficial changes must inevitable result from the proposed development?
1.	Physical
a.	Air quality
b.	Water effects (pollution, sedimentation, absorption, flow, flooding)
c.	Wildlife habitat (where applicable)
d.	Vegetative cover
e.	Night light
2.	Social
a.	Visual
b.	Traffic (type/amount of traffic generated by the project)
c.	Modes of transportation (automotive, bicycle, pedestrian, public)
	and a second control of the party of the par
d.	Accessibility of residents to recreation, schools, libraries, shopping, employment & health facilities

Department of Planning and Economic Development (248) 656-4660 planning@rochesterhills.org www.rochesterhills.org

3. a.	Economic Influence on surrounding land values
b.	Growth inducement potential
C.	Off-site costs of public improvements
d.	Proposed tax revenues (assessed valuation)
e.	Availability or provisions for utilities
J.	In relation to land immediately surrounding the proposed development, what has been done to avoid disrupting existing uses & intended future uses as shown on the Master Land Use Plan?
K.	What specific steps are planned to revitalize the disturbed or replace the removed vegetative cover?
L.	What beautification steps are built into the development?
M.	What alternative plans are offered?

Environmental Impact Statement (EIS)

Part 4. The Summary

Based on the foregoing Analysis Report, state the net environmental impact on the City of Rochester Hills if the proposed plan is implemented. The summary is intended to briefly set forth a basis for the City of Rochester Hills Planning Commission and the City Council to determine the acceptability of proposed development.

It is suggested that the summary be brief and to the point. Make the comments relative to the initial impression and the lasting effect upon the entire community in relation to at least these points of concern:

- 1. Ecological effects
- 2. Residential, commercial or industrial needs
- 3. Treatment of special features of natural, scenic or historic interest
- Economic effect
- 5. Compatibility with neighborhood, City and regional development, and the City's Master Land Use Plan
